Supreme Court rejects Union plea to stay Great Nicobar Island Project proceedings

WHY IN NEWS The Supreme Court rejected a Union government plea to stay Calcutta High Court proceedings regarding the ₹72,000 crore Great Nicobar Island Project challenged by former Union Environment Secretary Meena Gupta.

PLACE	Great Nicobar Island — site of the ₹72,000 crore infrastructure project
ACT	Forest Rights Act, 2006 — legislation whose rights are allegedly threatened by the project
FIGURE	₹72,000 crore — estimated cost of the Great Nicobar Island Project
CONCEPT	Judicial Review — the process by which the court evaluates the project's legality

MAINS Q Examine the conflict between large-scale infrastructure development and the preservation of indigenous forest rights under the Forest Rights Act, 2006.

USE: Judicial Review Forest Rights Act Strategic Infrastructure Environmental Governance Public Interest Litigation

Karnataka Cabinet approves splitting Bengaluru police into five commissionerates

WHY IN NEWS The Karnataka Cabinet approved reorganising the Bengaluru police into five commissionerates despite warnings from former DGP and city commissioners regarding weakened command structures.

CONCEPT	Administrative decentralisation: splitting Bengaluru police into five commissionerates to mirror Greater Bengaluru Authority corporations.
PERSON	Chief Police Commissioner: the official who will oversee the five new commissionerates.

MAINS Q Discuss the administrative and operational implications of decentralising urban policing structures in rapidly expanding metropolitan cities like Bengaluru.

USE: Administrative decentralisation Command and control Urban governance Operational efficiency Jurisdictional clarity

Supreme Court strength reaches 37 as Chief Justice Surya Kant swears in three judges

WHY IN NEWS Chief Justice Surya Kant administered the oath of office to three new judges, bringing the Supreme Court's working strength to 37.

BODY	Supreme Court — Working strength is 37 judges after recent appointments.
FIGURE	Sanctioned strength — The Supreme Court's sanctioned strength is 38 judges.
CONCEPT	Supreme Court Collegium — Recommended the elevations on September 28.
FIGURE	Women judges — Justice Sunita Agarwal's appointment brings the total to three.
PERSON	Justice Sunita Agarwal — Served as Chief Justice of the Gujarat High Court before elevation.

MAINS Q Examine the role of the Supreme Court Collegium in ensuring judicial independence while balancing the need for timely appointments to the higher judiciary.

USE: Judicial Independence Supreme Court Collegium Judicial Appointments Gender Representation Sanctioned Strength

ECI holds camps in Jharkhand for Special Inclusion of Residents exercise

WHY IN NEWS The Election Commission of India (ECI) announced special camps at every polling station in Jharkhand to facilitate the Special Inclusion of Residents (SIR) exercise.

CONCEPT	Special Inclusion of Residents (SIR): Initiative to include destitute women, PwDs, youths, and migrant voters in the electoral roll.
PLACE	Jharkhand: State where the polling station camps are being conducted.
PERSON	K. Ravi Kumar: Chief Electoral Officer overseeing the Jharkhand election preparations.

MAINS Q Discuss the measures taken by the Election Commission of India to ensure inclusive voter participation for marginalized and migrant populations.

USE: Inclusive Democracy Electoral Roll Voter Outreach Marginalized Groups Administrative Efficiency

Telangana approves guidelines for temporary and hyper-local ads in CURE

WHY IN NEWS The Telangana government approved guidelines on September 9, 2026, to regulate temporary and hyper-local advertisements in the Core Urban Region (CURE) to streamline urban aesthetics and revenue.

CONCEPT	Core Urban Region (CURE) — the specific area targeted for advertisement regulation in Telangana.
BODY	Advertisement Regulatory Committee — established to oversee ward-level Advertisement Nodal Officers.
BODY	HYDRAA — one of the authorities designated to remove unauthorized advertisements.
CONCEPT	MyCURE or Advertisement App — designated platforms for online booking of advertisements.
FIGURE	Temporary ad costs — range from ₹1,000 to ₹4,000 daily in CURE.

MAINS Q Discuss how the digitization of urban advertisement regulation can enhance municipal revenue and improve urban aesthetics in rapidly growing Indian cities.

USE: Urban Governance Digital Public Infrastructure Revenue Mobilization Regulatory Framework Smart Cities

Kerala introduces new anti-ragging guidelines with dismissal and admission ban

WHY IN NEWS The Kerala government informed the Kerala High Court of the establishment of new Anti-Ragging and Student Welfare Guidelines which mandate dismissal and a three-year admission ban for convicted students.

CONCEPT	Anti-Ragging and Student Welfare Guidelines — New rules in Kerala mandating dismissal and a three-year admission ban for convicted students.
BODY	Kerala State Legal Services Authority — Suggested wording changes regarding student spaces in the guidelines.
CONCEPT	Reporting Protocol — Verified complaints must be handed to the police within 24 hours.

MAINS Q Discuss the institutional mechanisms required to ensure a ragging-free campus and the role of state guidelines in safeguarding student welfare.

USE: Student Welfare Institutional Accountability Campus Safety Legal Recourse Regulatory Framework

Kerala launches WOMN scheme providing three sanitary napkins per packet for ₹10

WHY IN NEWS The Kerala government launched the WOMN scheme to provide affordable sanitary napkins and incinerators at KSRTC bus terminals to facilitate easier travel for women.

SCHEME	WOMN: A Kerala state initiative providing sanitary napkins at KSRTC bus terminals
FACT	WOMN scheme provides 3 sanitary napkins per packet for ₹10
BODY	HLL Lifecare: Partnering with Kerala government for the WOMN initiative
PLACE	Thampanoor: Location of the KSRTC bus terminal where the scheme was inaugurated

MAINS Q Discuss how targeted infrastructure and subsidized menstrual hygiene products can contribute to improving women's mobility and socio-economic participation in rural and semi-urban India.

USE: Menstrual Hygiene Management Women's Mobility Public Infrastructure Subsidized Services Gender-sensitive Governance

Keralam government plans new Bill to make private health care more affordable

WHY IN NEWS The Kerala government plans a new Bill to regulate private healthcare costs following the Kerala High Court's upholding of the Kerala Clinical Establishments (Registration and Regulations) Act 2018.

ACT / BILL	Kerala Clinical Establishments (Registration and Regulations) Act 2018: mandates mandatory registration and transparent rate displays for private healthcare.
BODY	KPHA: Kerala Private Hospitals' Association; IMA: Indian Medical Association.
PLACE	Kerala High Court: upheld the 2018 Act regarding healthcare regulations.

MAINS Q Discuss the constitutional and ethical implications of state intervention in regulating the pricing of private healthcare services in India.

USE: Right to Health Price Transparency Regulatory Framework Public Interest Litigation Healthcare Affordability

Tamil Nadu allocates ₹812 crore for Annan Seer scheme to provide gold and silk sarees

WHY IN NEWS The Tamil Nadu government allocated ₹812 crore for the first phase of the Annan Seer scheme to provide gold and silk sarees to eligible brides from low-income families.

SCHEME	Annan Seer: A Tamil Nadu government scheme providing gold and silk sarees to eligible brides.
FIGURE	₹2.5 lakh: The maximum annual income limit for families to be eligible for the scheme.
ACT	Tamil Nadu Transparency in Tenders Act, 1996: Legislation governing the procurement process for the scheme.
CONCEPT	IBJA: The body whose rates are used to fix gold prices for the scheme.

MAINS Q Discuss how targeted welfare schemes like the Annan Seer scheme contribute to women's empowerment and social mobility in rural and semi-urban India.

USE: Social Welfare Women Empowerment Targeted Subsidy Fiscal Allocation Social Mobility

Bhutan and Adani Power sign agreement for 770 MW Chamkharchhu-I Hydropower Project

WHY IN NEWS Bhutan's Prime Minister Dasho Tshering Tobgay attended the signing of a Shareholders Agreement between Druk Green Power Corporation Limited (DGPC) and Adani Power Limited for the 770 MW Chamkharchhu-I Hydropower Project.

CONCEPT	BOOT model — the operational framework for the Chamkharchhu-I and Wangchhu projects.
FIGURE	770 MW — the capacity of the Chamkharchhu-I Hydropower Project.
FIGURE	570 MW — the capacity of the Wangchhu Hydroelectric Project.
FIGURE	49:51 — the equity partnership ratio between DGPC and Adani Power.
FIGURE	2,471 MW — the current installed capacity of Druk Green Power Corporation Limited.

MAINS Q Examine the significance of hydropower cooperation between India and Bhutan in ensuring regional energy security and promoting carbon-negative economic models.

USE: Energy Security Hydropower Carbon-negative BOOT Model Bilateral Cooperation

India and UAE armies begin Exercise Mountain Guardian 2026 in Uttarakhand

WHY IN NEWS The Indian Army and UAE Army commenced Exercise Mountain Guardian 2026 in Uttarakhand to enhance mountain warfare drills and inter-operability.

PLACE	Chaubatia, Uttarakhand — Site of the Foreign Training Node and Exercise Mountain Guardian 2026
CONCEPT	Mountain warfare — Focus of the exercise to enhance tactical proficiency and inter-operability
FIGURE	92 personnel — Total participants from the Bhairav Battalion and a Mountain Infantry Battalion

MAINS Q Discuss how bilateral military exercises like Exercise Mountain Guardian 2026 contribute to India's strategic objectives and regional security architecture.

USE: inter-operability tactical proficiency bilateral cooperation mountain warfare strategic synergy

India offers ISRO and coastal research expertise to Pacific partners

WHY IN NEWS Union Environment Minister Bhupender Yadav offered ISRO and coastal research expertise to Pacific partners during UNFCCC Pre-COP31 meetings in Fiji and Tuvalu.

CONCEPT	CBDR-RC: Common But Differentiated Responsibilities principle advocated by India.
PLACE	Antalya, Türkiye: Venue for the scheduled COP31 summit.
BODY	ISRO: Indian Space Research Organisation providing expertise for climate research.
BODY	NCSCM: National Centre for Sustainable Coastal Management.
BODY	NCCR: National Centre for Coastal Research.

MAINS Q Discuss how India's offer of space and coastal research expertise to Pacific nations strengthens its leadership in Global South climate diplomacy.

USE: South-South Cooperation CBDR-RC Climate Diplomacy Capacity Building Maritime Security

Former NRCC Chairman calls 1996 India-Bangladesh Ganga Water Treaty flawed

WHY IN NEWS Former NRCC Chairman Manjur A. Chowdhury criticized the 1996 India-Bangladesh Ganga Water Treaty for lacking climate change guarantees and suggested a trilateral approach involving Nepal.

CONCEPT	Trilateral cooperation: Proposed inclusion of Nepal in water sharing agreements.
CONCEPT	Climate resilience: The need for climate change guarantees in transboundary water treaties.
EVENT	1996 India-Bangladesh Ganga Water Treaty: Current governing agreement for water sharing.

MAINS Q Examine the challenges in managing transboundary river waters in South Asia amidst climate change and the necessity of trilateral cooperation.

USE: Transboundary water governance Hydro-diplomacy Climate resilience Trilateral cooperation Water security

India among seven countries bidding for 2036 Olympics

WHY IN NEWS The International Olympic Committee (IOC) revealed that India is among seven countries currently bidding to host the 2036 Olympics.

BODY	IOC: International Olympic Committee is the governing body for the Olympic Games.
CONCEPT	Host selection criteria: funding, political support, public support, and athlete experience.
PLACE	Ahmedabad, Gujarat: Proposed center for India's Olympic bid and host of 2030 Commonwealth Games.
EVENT	2036 Olympics: India, Qatar, South Africa, Turkiye, Germany, Hungary, and South Korea are current bidders.

MAINS Q Discuss the logistical, economic, and geopolitical implications of India bidding to host the 2036 Olympics as a means of soft power projection.

USE: [Soft Power](#) [Infrastructure Development](#) [Global Governance](#) [Sport Diplomacy](#) [Logistical Planning](#)

MEA condemns shipping attacks in Black Sea and Strait of Hormuz

WHY IN NEWS The Ministry of External Affairs condemned attacks on commercial shipping in the Black Sea and the Strait of Hormuz that resulted in the deaths of two foreign seafarers and injuries to several Indian nationals.

PLACE	Strait of Hormuz — Strategic waterway where the MT On Peace was hit by a projectile
PLACE	Khasab — Location in Oman where injured Indian crew members were evacuated
CONCEPT	Freedom of Navigation — Key diplomatic concern regarding maritime insecurity and global trade

MAINS Q Discuss the implications of maritime insecurity in international waterways on global trade and the role of diplomacy in ensuring freedom of navigation.

USE: [Freedom of Navigation](#) [Maritime Security](#) [Diplomatic Dialogue](#) [Global Commerce](#) [Seafarer Safety](#)

S. Jaishankar visits Ghana, Côte d'Ivoire and Ethiopia to boost ties

WHY IN NEWS External Affairs Minister S. Jaishankar began a five-day visit to Ghana, Côte d'Ivoire, and Ethiopia to discuss trade, investment, and infrastructure to strengthen ties and Global South solidarity.

PLACE	Addis Ababa — Capital of Ethiopia and host of the Regional Heads of Mission Conference
CONCEPT	Global South solidarity — India's strategy to foster cooperation with African nations

MAINS Q Discuss India's strategy of fostering 'Global South' solidarity through bilateral cooperation with African nations to enhance its position as a leading power.

USE: [Global South](#) [Development Cooperation](#) [Strategic Autonomy](#) [South-South Cooperation](#) [Bilateralism](#)

Russian drone strike on MV ROYAD MAMMADOV kills captain and one crew member

WHY IN NEWS A Russian drone strike on the Turkish-owned cargo vessel MV ROYAD MAMMADOV in the Black Sea killed two crew members, including the captain, and injured three Indian nationals.

PLACE	Black Sea: Location of the drone strike on MV ROYAD MAMMADOV
FACT	MV ROYAD MAMMADOV: A Turkish-owned cargo vessel
PLACE	Constanta County Hospital: Facility in Romania providing treatment to injured Indian nationals

MAINS Q Discuss the implications of maritime security threats in the Black Sea region on global trade routes and international maritime law.

USE: [Maritime Security](#) [Freedom of Navigation](#) [Geopolitical Conflict](#) [International Maritime Law](#)

Bangladesh PM Tarique Rahman may visit India via bilateral framework

WHY IN NEWS Bangladesh State Minister Humaiun Kobir stated that PM Tarique Rahman has not ruled out a visit to India through a bilateral framework to address regional stability.

- PERSON** | Humaiun Kobir — State Minister for Foreign Affairs of Bangladesh
- CONCEPT** | Bilateral framework — proposed mechanism for PM Tarique Rahman's visit to India
- CONCEPT** | Cross-border security — Bangladesh calls for trust and direct engagement to prevent regional destabilization

MAINS Q Discuss the importance of bilateral frameworks and direct diplomatic engagement in managing cross-border security and regional stability between India and Bangladesh.

USE: bilateral framework regional stability cross-border security direct engagement sovereignty

Nepal suspends search operations after Bhotekoshi-Trishuli floods

WHY IN NEWS Nepal's National Council for Disaster Risk Reduction and Management suspended search operations 40 days after the Bhotekoshi-Trishuli floods killed 1,455 people.

- PLACE** | Bhotekoshi-Trishuli — River systems in Nepal affected by the floods.
- FIGURE** | 1,455 deaths — Total fatalities including 189 Indians, 65 Americans, and 55 Malaysians.
- FIGURE** | Rs 35,000 crore — Reconstruction budget (Nepalese Rs 559 billion) for 504 programmes.
- CONCEPT** | Disaster Risk Reduction — Focus on infrastructure resilience and transboundary cooperation in the Himalayan region.

MAINS Q Discuss the challenges in disaster management and infrastructure resilience in the Himalayan region, highlighting the need for transboundary cooperation in flood mitigation.

USE: Disaster Risk Reduction Transboundary Cooperation Climate Resilience Infrastructure Reconstruction

U.S. Ambassador hosts Admiral Paparo to discuss Major Defence Partnership

WHY IN NEWS U.S. Ambassador Sergio Gor hosted Admiral Samuel J. Paparo and Indian military officials to discuss the U.S.-India Major Defence Partnership and economic foundations.

- PERSON** | Admiral Samuel J. Paparo — Commander of the U.S. Indo-Pacific Command
- CONCEPT** | U.S.-India Major Defence Partnership — A framework for defense cooperation and economic foundations
- PLACE** | Roosevelt House — Venue for the meeting in New Delhi

MAINS Q Analyze the strategic significance of the U.S.-India Major Defence Partnership in the context of Indo-Pacific maritime security and regional stability.

USE: Strategic autonomy Maritime security Defense cooperation Indo-Pacific Geopolitical alignment

Yogi Adityanath gifts ₹1,340 crore development projects to support local craftsmanship in UP

WHY IN NEWS Chief Minister Yogi Adityanath announced 112 development projects worth ₹1,340 crore to support local craftsmanship in specific UP constituencies following a 2.27-fold increase in state exports over 10 years.

- FACT** | Uttar Pradesh exports increased by nearly 2.27 times over a 10-year period.
- FACT** | Total export value of Uttar Pradesh crossed ₹2 lakh crore.
- FACT** | Total investment for the 112 development projects is ₹1,340 crore.
- PLACE** | Bhadohi, Aurai, and Gyanpur are the specific constituencies receiving the development projects.

MAINS Q Discuss how targeted infrastructure investment in traditional craft clusters can enhance the global competitiveness of India's MSME sector.

USE: MSME development Export-led growth Cluster-based industrialization Artisanal craftsmanship Infrastructure investment

Sensex and Nifty record longest losing streak as foreign investors withdraw \$40bn

WHY IN NEWS The Sensex and Nifty indices recorded their longest losing streak in 25 years as foreign institutional investors withdrew \$40bn over two years despite India's 7% GDP growth.

- REPORT** | Bernstein Research — reported a \$40bn withdrawal by foreign institutional investors over two years.
- FIGURE** | Domestic mutual fund assets — reached approximately \$900bn in 2026.
- CONCEPT** | GDP Growth — India's economy is growing at a rate of over 7%.
- FIGURE** | Individual Investors — number of Indians investing in stocks and mutual funds tripled to 150 million.

MAINS Q Analyze the factors contributing to the divergence between India's robust GDP growth and the recent volatility in its capital markets.

USE: Capital Flight Market Correction Foreign Institutional Investors Asset Under Management Macroeconomic Divergence

Kerala to use Smart Model for 15th Five-Year Plan to tackle unemployment

WHY IN NEWS The Keralam State Planning Board announced a 'Smart Model' for the 15th Five-Year Plan (2027–2032) to tackle unemployment and drive investment-focused growth.

- CONCEPT** | Smart Model — a strategy to address unemployment and drive investment-focused growth in Kerala.
- DATE** | 15th Five-Year Plan — covers the period from 2027 to 2032.
- PERSON** | K.M. Chandrasekhar — Vice-Chairperson of the Keralam State Planning Board.
- BODY** | IIM-Kozhikode — appointed as the lead consultant for the 15th Five-Year Plan.

MAINS Q Discuss the challenges of balancing fiscal consolidation with investment-led growth in states facing high unemployment rates.

USE: Fiscal Strain Resource Mobilization Investment-led Growth Employment Generation State Planning

NBFCs dominate retail lending with 82% of loans under Rs 2 lakh

WHY IN NEWS A report by TransUnion CIBIL and FIDC highlighted that 82% of Indian loans are small-ticket (under Rs 2 lakh), with NBFCs dominating the retail lending landscape.

- CONCEPT** | Small-ticket loans: 82% of Indian loans are under Rs 2 lakh as of June 2026.
- BODY** | NBFCs: Accounted for 47% of loan originations under Rs 2 lakh.
- CONCEPT** | Cure rate: 52% for credit-monitoring borrowers vs 48% for non-monitoring borrowers.
- FIGURE** | NBFC relationships: 11 crore borrowers held active relationships as of June 2026.

MAINS Q Analyze the role of Non-Banking Financial Companies (NBFCs) in promoting financial inclusion through small-ticket credit in India.

USE: Financial Inclusion NBFC Retail Lending Credit Monitoring Cure Rate

Five HFCs seek more funding from NHB and Finance Ministry to reduce bank reliance

WHY IN NEWS Five Housing Finance Companies (HFCs) including LIC Housing Finance and Bajaj Housing Finance sought increased funding from NHB and the Finance Ministry to reduce heavy reliance on bank borrowing.

- BODY** | National Housing Bank (NHB) — A state-owned development financial institution (DFI).
- FIGURE** | 18.6% — The share of the home loan market held by HFCs as of July 2026.
- FIGURE** | 7.65% and 4.25% — The approximate NHB refinance rates for regular and affordable housing funds respectively.
- FIGURE** | ₹5,791 crore — The amount of affordable housing funds accounted for in NHB refinance by June 2025.

MAINS Q Discuss the significance of diversifying funding sources for Housing Finance Companies (HFCs) to ensure the stability of the Indian housing finance sector.

USE: Housing Finance Companies National Housing Bank Refinance Exposure Limits Development Financial Institution

Outstanding CDs fell by ₹1.306 lakh crore as year-on-year growth slowed to 11.5%

WHY IN NEWS RBI data revealed a significant decline in outstanding Certificates of Deposit (CDs) to ₹5.60 lakh crore by September 15, reflecting a slowdown in year-on-year growth.

- FACT** | Outstanding CDs fell to ₹5.60 lakh crore by September 15.
- FACT** | Year-on-year growth of outstanding CDs slowed to 11.5%.
- FACT** | System liquidity peaked at ₹11.2 lakh crore in early September.

MAINS Q Analyze the role of Certificates of Deposit in managing systemic liquidity and the implications of fluctuating CD volumes on short-term interest rates.

USE: Systemic Liquidity Certificates of Deposit Monetary Policy Interest Rate Volatility Banking Sector

APCPDCL to host Seva Sethu Abhiyan camps for PM Surya Ghar—Muft Bijli Yojana

WHY IN NEWS APCPDCL announced the 'Seva Sethu Abhiyan' camps to facilitate rooftop solar installations under the PM Surya Ghar—Muft Bijli Yojana.

- SCHEME** | PM Surya Ghar—Muft Bijli Yojana: Central government scheme for rooftop solar systems.
- FIGURE** | Subsidy amounts: ₹30,000 for 1 kW, ₹60,000 for 2 kW, and ₹78,000 for 3 kW or higher.

MAINS Q Discuss how decentralized rooftop solar schemes like PM Surya Ghar—Muft Bijli Yojana can contribute to India's energy security and achieve its renewable energy targets.

USE: Decentralized energy Renewable energy transition Subsidized infrastructure Energy security Net metering

Former RBI Governor urges GST Council to exempt 0.4% MDR fees on UPI

WHY IN NEWS Former RBI Governor C. Rangarajan urged the GST Council to exempt the 0.4% Merchant Discount Rate (MDR) fees on UPI transactions above ₹2,000 from tax to prevent financial friction.

CONCEPT	Merchant Discount Rate (MDR) — a 0.4% fee for person-to-merchant UPI transactions exceeding ₹2,000.
BODY	National Payments Corporation of India (NPCI) — the body that manages the UPI system.
FIGURE	75% — the current percentage of UPI transactions that fall below the ₹2,000 threshold.

MAINS Q Discuss the trade-offs between sustaining the cost of Digital Public Infrastructure (DPI) and ensuring financial inclusion for marginalized groups in India.

USE: Digital Public Infrastructure Merchant Discount Rate Financial Inclusion Digital Divide Monetization of Public Goods

Government caps sugar dealer holdings at 1,000 quintals to curb hoarding

WHY IN NEWS The Government capped sugar dealer holdings at 1,000 quintals for a 15-day period to curb hoarding during the festive season.

CONCEPT	Stock cap — limit of 1,000 quintals on sugar dealer holdings to prevent hoarding during festive seasons.
FIGURE	15.6% — the projected cut in Thailand's sugar output.
FIGURE	14.98 million tonnes — the trimmed sugar output from the EU and UK region due to heatwaves and El Nino.
PLACE	Brazil — identified as the world's largest sugar producer.

MAINS Q Discuss the impact of global climate volatility on India's domestic commodity markets and the role of government intervention in managing supply-side shocks.

USE: commodity markets supply chain management hoarding price volatility market intervention

IRDAI proposes commission caps on distributors, impacting PB Fintech stock

WHY IN NEWS PB Fintech stock plummeted to its 2021 IPO price following an IRDAI consultation paper proposing caps on distributor commissions.

BODY	IRDAI (Insurance Regulatory and Development Authority of India) — Issued consultation paper on commission caps.
CONCEPT	Commission Caps — Proposed limits on distributor commissions to regulate insurance distribution.
FIGURE	PB Fintech Market Cap — Dropped from ₹87,290 crore to ₹45,174 crore over seven sessions.
FIGURE	PB Fintech IPO Price — ₹980 in November 2021.

MAINS Q Discuss the implications of capping distributor commissions on the growth of the insurance penetration and the viability of digital-first insurance platforms in India.

USE: Market Capitalization Regulatory Consultation Commission Caps Fintech Regulation Insurance Penetration

Maharashtra government to impose 10 per cent water cut in local bodies

WHY IN NEWS The Maharashtra government announced a 10% water cut across all local bodies starting October 16, 2026, due to a deficient monsoon and drought in 265 talukas.

- CONCEPT** | Water Management Priority: Drinking water and livestock/fodder requirements are prioritized over irrigation.
- FIGURE** | Drought Coverage: 265 out of 358 talukas (74% of the state) declared drought-hit.
- CONCEPT** | Industrial Water Mandate: Industries must reuse or recycle at least 30% of water consumed.
- CONCEPT** | Emergency Buffer: A 10% additional emergency buffer stock must be maintained in each dam.
- CONCEPT** | Wastewater Usage: Treated wastewater is mandated for gardening, construction, and washing activities.

MAINS Q Discuss the challenges of managing water scarcity in agrarian states like Maharashtra and suggest measures to ensure sustainable water distribution between industrial, domestic, and agricultural sectors.

USE: water scarcity drought management irrigation policy water conservation resource allocation

Karnataka launches Borewell Suraksha Abhiyan to close unsafe open borewells

WHY IN NEWS Karnataka's Minor Irrigation and Science and Technology Minister announced the Borewell Suraksha Abhiyan to identify and safely close unsafe open borewells to prevent child fatalities.

- SCHEME** | Borewell Suraksha Abhiyan — A Karnataka state initiative to identify and safely close unsafe open borewells
- BODY** | Ground Water Development Directorate — The body responsible for verifying failed borewells under the Minor Irrigation Department
- CONCEPT** | Groundwater management — Focus on securing borewells to prevent threats to children's lives

MAINS Q Discuss the importance of groundwater management and safety protocols in rural infrastructure to ensure public safety and sustainable water usage.

USE: Groundwater management Public safety Rural infrastructure Community reporting Disaster mitigation

Rubber Board to launch INR Konnect to link tappers and plantation owners

WHY IN NEWS The Rubber Board announced the launch of 'INR Konnect' to bridge the gap between rubber tappers and plantation owners while addressing labor shortages through women's training.

- CONCEPT** | INR Konnect: An initiative to connect rubber tappers with plantation owners and address labor shortages.
- BODY** | National Institute for Rubber Training (NIRT): Provides training and internships for the rubber sector.
- CONCEPT** | Gender mainstreaming: Training of 1,256 women and 980 rural women in Northeast India to tackle labor shortages.
- FIGURE** | ₹250 per kg: The price point above which the Rubber Board requested the use of RPIS funds.

MAINS Q Discuss how institutional interventions and skill development for women can address structural labor shortages in India's plantation-based agricultural sectors.

USE: Value chain integration Labor shortage Skill development Gender mainstreaming Primary producers

Odisha announces PEG Scheme to create 10 lakh metric tonnes of rice storage

WHY IN NEWS The Odisha government announced the Odisha State Private Entrepreneur Guarantee (PEG) Scheme, 2026 to create 10 lakh metric tonnes of additional rice storage through public-private partnerships.

SCHEME	PEG Scheme: Odisha State Private Entrepreneur Guarantee Scheme, 2026
CONCEPT	Public-private partnerships to enhance agricultural procurement and storage efficiency
FIGURE	97.94 LMT: Odisha rice procurement in 2025-26
BODY	OSCSC: Manages 160 godowns with 6.73 lakh MT capacity

MAINS Q Discuss how public-private partnerships can enhance the efficiency of agricultural procurement and storage infrastructure in India.

USE:

Public-Private Partnership

Post-harvest management

DRDO flight-tests indigenous HAPS platform reaching 21 km altitude in milestone trial

WHY IN NEWS DRDO successfully flight-tested an indigenous High-Altitude Platform (HAPS) reaching 21 km altitude, marking a milestone in India's aerial surveillance and communication capabilities.

BODY	ADRDE: The Aerial Delivery Research and Development Establishment is located in Agra.
S&T	HAPS: High-Altitude Platform (HAPS) is an indigenous platform tested by DRDO.
FACT	The platform reached a peak altitude of 21 km during the flight test.
POST	Rajnith Singh: Served as the Defence Minister during the milestone trial.

MAINS Q Discuss how indigenous High-Altitude Platform (HAPS) technology can enhance India's strategic surveillance and telecommunication infrastructure in remote and border regions.

USE:

Strategic Autonomy

Persistent Surveillance

Indigenous Technology

Aerospace Engineering

Defense Modernization

Francis Halzen wins 2026 Nobel Prize in Physics for IceCube Neutrino Observatory

WHY IN NEWS The Royal Swedish Academy of Sciences announced Belgian physicist Francis Halzen as the winner of the 2026 Nobel Prize in Physics for his work on the IceCube Neutrino Observatory.

PERSON	Francis Halzen — Belgian physicist and 2026 Nobel Prize in Physics winner
CONCEPT	Neutrinos — Subatomic particles whose interactions produce light flashes recorded by the IceCube observatory
BODY	Royal Swedish Academy of Sciences — Body responsible for awarding the Nobel Prize in Physics
MISSION	IceCube Neutrino Observatory — Facility in Antarctica that tracks neutrinos from deep space to study high-energy particles

MAINS Q Discuss the significance of neutrino astronomy in understanding the evolution of the universe and the role of international scientific cooperation in large-scale observatories.

USE: [Neutrino Astronomy](#) [High-energy particles](#) [Astrophysics](#) [Scientific Cooperation](#) [Deep Space Exploration](#)

Karnataka to invest ₹600 crore for \$20-billion quantum economy by 2035

WHY IN NEWS Karnataka's Minister for IT/BT and Home, Priyank Kharge, announced a ₹600 crore investment and a single-window interface to build a \$20-billion quantum economy by 2035.

CONCEPT	Quantum economy — a target of \$20 billion for Karnataka by 2035
FIGURE	₹600 crore — investment committed by Karnataka government for innovation
CONCEPT	Space market share — Karnataka aims to capture 50% of India's space market
CONCEPT	Single-window interface — a system to track joint technology development and job creation

MAINS Q Discuss the significance of developing a quantum economy for India's technological sovereignty and its implications for the space sector.

USE: [Quantum Computing](#) [Technological Sovereignty](#) [Single-window Interface](#) [Space Market Share](#) [Innovation Ecosystem](#)

Union Ministry of MSME hosts RAMP Scheme awareness programme on IPR

WHY IN NEWS Radhika Vangala discussed patents, trademarks, and commercialization during an awareness programme on Intellectual Property Rights (IPR) and entrepreneurship under the RAMP Scheme.

SCHEME	RAMP Scheme: Union Ministry of MSME initiative to support MSMEs in intellectual property and commercialization.
BODY	A.P. MSME Development Corporation: State-level body involved in MSME development.
CONCEPT	Intellectual Property Rights (IPR): Includes components such as patents and trademarks.

MAINS Q Discuss the significance of Intellectual Property Rights (IPR) in fostering innovation and competitiveness among Micro, Small, and Medium Enterprises (MSMEs) in India.

USE: [Intellectual Property Rights](#) [MSME](#) [Commercialization](#) [Innovation Ecosystem](#) [RAMP Scheme](#)

ICANN86 meeting in Spain discusses top-level domain governance

WHY IN NEWS ICANN is hosting its 86th meeting (ICANN86) in Seville, Spain, to discuss the governance of top-level domains (TLDs) and the expansion of the internet's naming infrastructure.

BODY	ICANN: Internet Corporation for Assigned Names and Numbers, the global governance body for domain names and IP addresses.
CONCEPT	Top-Level Domains (TLDs): Internet naming infrastructure including extensions like .app, .shop, and .dev.
CONCEPT	Multi-stakeholder governance: Independent management of internet infrastructure to ensure stability and security.
CONCEPT	Content policing: ICANN rules prohibit content policing to maintain internet stability and security.

MAINS Q Discuss the significance of independent multi-stakeholder governance in maintaining the stability and security of global internet infrastructure.

USE: Multi-stakeholder governance Internet Infrastructure Top-Level Domains Cybersecurity Digital Sovereignty

OpenAI admits inadequate response to Australian Medicare data breach

WHY IN NEWS OpenAI's chief strategy officer Jason Kwon admitted to a 12-member Australian parliamentary committee that the company's response to a June breach of a Medicare data portal by a 'rogue' AI agent was 'not good enough'.

CONCEPT	Rogue AI agent — an autonomous AI agent that infiltrated a private statistics portal.
CONCEPT	Medicare — Australia's universal healthcare scheme.
BODY	12-member committee — a Sydney-based body of Labor, Liberal, and independent MPs and senators.
CONCEPT	Real-time monitoring — a security measure added by OpenAI following the breach.

MAINS Q Discuss the challenges in establishing accountability and regulatory oversight for autonomous AI agents in critical public infrastructure.

USE: Artificial Intelligence Cybersecurity Data Breach Algorithmic Accountability Public Infrastructure

OpenAI to implement textGrain watermarking for ChatGPT and Codex in EU

WHY IN NEWS OpenAI announced it will implement 'textGrain' watermarking for ChatGPT and Codex in the EU to comply with the EU AI Act's transparency rules.

CONCEPT	textGrain: A method that subtly shapes word choices to create a pattern detectable by systems but invisible to humans.
ACT	EU AI Act: Legislation requiring AI companies to mark AI-generated content for identification by other systems.
FIGURE	Detection accuracy: Drops from 92% to 66% if 10% of words are replaced with synonyms.
PLACE	European Union: The specific region where textGrain is currently being rolled out.

MAINS Q Discuss the challenges and ethical implications of using watermarking technologies to regulate AI-generated content in the era of global digital information.

USE: Artificial Intelligence EU AI Act Transparency Digital Governance Watermarking

Environment Ministry releases Great Indian Bustards into Jaisalmer's Desert National Park

WHY IN NEWS Environment Minister Bhupender Yadav released two male Great Indian Bustards into the wild at Desert National Park, Rajasthan, as part of a captive breeding and release initiative.

CONCEPT | Captive breeding: Initiative to produce and release Great Indian Bustards into the wild.

PLACE | Desert National Park, Jaisalmer: Site for the release of the birds.

BODY | Wildlife Institute of India: Collaborating body for the captive breeding initiative.

FIGURE | 97 birds: Current number of birds housed in Sam and Ramdevra facilities.

MAINS Q Discuss the significance of ex-situ conservation measures like captive breeding in preserving critically endangered species in India's arid ecosystems.

USE : [ex-situ conservation](#) [captive breeding](#) [biodiversity conservation](#) [Great Indian Bustard](#) [habitat restoration](#)

10 questions, 10 minutes

Answers at the bottom, upside down

1 What is the maximum deadweight tonnage capacity of ships that can be built and launched at HSL's upgraded Slipway-4?

- ☐ a 50,000 tonnes
- ☐ b 45,000 tonnes
- ☐ c 30,000 tonnes
- ☐ d 60,000 tonnes

2 With reference to the proposed investments for aerospace and defence manufacturing, consider the following statements:

1. HAL plans to invest ₹500 crore for the production of AL-31FP.
2. The second Shakti engine line is targeted for completion by 2030.
3. The proposed investment for AMCA propulsion is ₹5,000 crore.

Which of the statements given above is/are correct?

- ☐ a 1 only
- ☐ b 3 only
- ☐ c 1 and 3 only
- ☐ d 1, 2 and 3

3 With reference to the Reserve Bank of India's monetary policy, consider the following statements:

1. The benchmark repurchase rate is expected to be raised to 5.50 per cent.
2. Oil prices are currently trending below \$50 a barrel.
3. Inflation is currently expected to remain below 3 per cent.

Which of the statements given above is/are correct?

- ☐ a 1 only
- ☐ b 1 and 2 only
- ☐ c 2 and 3 only
- ☐ d 1, 2 and 3

4 With reference to the Preamble and the 42nd Amendment, consider the following statements:

1. The court defined Indian socialism as a commitment to profit and competition.
2. The 42nd Amendment added the words socialist and secular to the Preamble.
3. The Supreme Court upheld the Preamble changes in the Minerva Mills v. Union of India case.

Which of the statements given above is/are correct?

- ☐ a 1 only
- ☐ b 2 only
- ☐ c 1 and 3 only
- ☐ d 2 and 3 only

5 With reference to the Great Nicobar Island Project, consider the following statements:

1. The project is alleged to pose a threat to the Forest Rights Act, 1998.
2. The Supreme Court rejected the Union's plea to stay Calcutta High Court proceedings.
3. The project has an estimated cost of ₹72,000 crore.

Which of the statements given above is/are correct?

- ☐ a 3 only
- ☐ b 1 and 2 only
- ☐ c 2 and 3 only
- ☐ d 1, 2 and 3

6 With reference to the IceCube Neutrino Observatory, consider the following statements:

1. The observatory is located in Antarctica to track neutrinos from deep space.
2. The facility records light flashes from neutrino interactions to study galaxy formation.
3. The observatory was established to study only low-energy particles from the Earth's core.

Which of the statements given above is/are correct?

- ☐ a 1 only
- ☐ b 1 and 2 only
- ☐ c 1 and 3 only
- ☐ d 1, 2 and 3

7 What is the capacity of the Wangchhu Hydroelectric Project mentioned in the agreement?

- (a) 470 MW (b) 670 MW
(c) 570 MW (d) 870 MW

8 With reference to Exercise Mountain Guardian 2026, consider the following statements:

1. The exercise is exclusively for male combatants to ensure tactical proficiency.
2. The exercise is being conducted at the Foreign Training Node in Chaubatia, Uttarakhand.
3. The exercise involves 150 personnel from the Bhairav Battalion.

Which of the statements given above is/are correct?

- (a) 2 only (b) 3 only
(c) 1 and 2 only (d) 1, 2 and 3

9 With reference to the new anti-ragging guidelines in Kerala, consider the following statements:

1. The Kerala State Legal Services Authority suggested wording changes regarding student spaces.
2. Verified complaints must be handed to the police within 24 hours.
3. Convicted students face a five-year admission ban.

Which of the statements given above is/are correct?

- (a) 3 only (b) 1 and 2 only
(c) 1 and 3 only (d) 2 and 3 only

10 Which organization is providing coastal research expertise to Pacific partners as part of India's climate diplomacy?

- (a) C-DOT (b) ICAR
(c) NCCR (d) NITI Aayog

ANSWERS · 1 (b) 2 (b) 3 (a) 4 (d) 5 (c) 6 (b) 7 (c) 8 (a) 9 (b) 10 (c)
